Comments Thank you City Council. Use of funds will allow developers to leverage state funding and if needed County funding. This is also a large job generator.

Comments As an affordable housing advocate and development consultant in San Diego County, I strongly support this effort by the City to put forth affordable housing funds to help create much needed affordable dwellings in the region. Great to see City of Escondido doing their part to address the housing crisis.

Comments I would like to know what the city is going to do in response to the potential evictions of renters who can not pay their rent because they were laid off due to covid 19. I would like for city counsel to consider adopting a policy similar to the city of San Diego to protect its citizens from unfair eviction. It only make sense to grant leniency to renters when mortgages have been put on pause for a year.
